

# Through-The-Wall Cooling Systems

Wine Guardian® TTW Installation. Courtesy: WineRacks.com

Wine is your passion. Preserving it is ours.

The Through-the-Wall (TTW) wine cellar cooling Unit from Wine Guardian offers a **contemporary design** that will match the unique style of today's modern wine cellar. This small wine cooling unit is available in two capacities, perfect for **small to mid-sized cellars**. This innovative system offers exceptional airflow and maintains optimal **temperature and humidity** with the **quietest** operation in its class.

Quality, sophistication, and a host of other features that are standard to Wine Guardian®

- Commercial-grade, corrosion resistant components long-term durability
- The only TTW system that displays both temperature and humidity and controls temperature
- Quiet and efficient operation
- EasyMount™ one-piece wall bracket and support frame included
- Wine Guardian® TTW Systems can directly replace most competitors through-the-wall models. See your distributor for details.

## Options

- Hot air discharge and duct adapter kit
- Remote monitoring and sensing
- Alarm and communication capabilities
- Factory-configured serving temperature option (TTW018 only)
- Integrated electric heater

## System Specifications\*

Model	Capacity	Length	Width	Height	Electrical	Weight
TTW009**	850 cu. ft.	25"	14 <sup>1</sup> / <sub>4</sub> "	15 7/8"	115v / 1ph / 60Hz	60 lbs
TTW018**	1,500 cu. ft.	25"	14 <sup>1</sup> / <sub>4</sub> "	15 7/8"	115v / 1ph / 60Hz	62 lbs

\* Designed for 95°F (35°C) max, 50°F (10°C) min condenser inlet.

Sizing note: Many variables affect proper unit sizing, including type of construction, insulation values, amount of glass, residential vs. commercial applications, etc. Proper unit size should only be determined by using the Wine Guardian cooling calculator. Check with your Wine Guardian authorized distributor for more information.

\*\* Direct replacement for most through-the-wall models. Ask your authorized Wine Guardian® distributor for details.

Wine Guardian® systems are made in the USA.

Manufacturer reserves right, without notice, to make changes to specifications at its sole discretion.
